Professional Designations

The following provides information on professional designation(s) that your Investment Advisor Representative earned. Additional information about various professional designations is available at <http://apps.finra.org/DataDirectory/1/prodesignations.aspx>.

Certified Public Accountant (CPA)

Certified Public Accountant (CPA) CPAs are licensed and regulated by their state boards of accountancy. While state laws and regulations vary, the education, experience and testing requirements for licensure as a CPA generally include minimum college education (typically 150 credit hours with at least a baccalaureate degree and a concentration in accounting), minimum experience levels (most states require at least one year of experience providing services that involve the use of accounting, attest, compilation, management advisory, financial advisory, tax or consulting skills, all of which must be achieved under the supervision of or verification by a CPA), and successful passage of the Uniform CPA Examination. In order to maintain a CPA license, states generally require the completion of 40 hours of continuing professional education (CPE) each year (or 80 hours over a two year period or 120 hours over a three year period). Additionally, all American Institute of Certified Public Accountants (AICPA) members are required to follow a rigorous Code of Professional Conduct.

Master of Science in Taxation (MST)

MST is a highly specialized form of a graduate accounting degree that strives to build a solid core of knowledge in the complexities of tax law. The Master of Science in Taxation program develops competency in the U.S. tax code and state taxation.
